**Terms & Conditions:**

.. This application must be accompanied by a plat or site plan of the property that includes the existing and proposed property lines with dimensions, the specific location of the proposed facility and appurtenances, the preferred site for the proposed wastewater system, and the location of any existing water supplies, water lines, and any surface waters.

..The applicant is responsible for the following:

- ..Identifying and marking the property lines and corners.
- ..For making the site accessible.
- ..Notification of the existence of any previously identified jurisdictional wetlands.
- ..If any wastewater other than domestic sewage is to be generated.
- ..If the site is subject to the approval by other public agencies.
- ..The site evaluation is performed based on the information contained in this application. Any change to the site or soil conditions, the property lines, the proposed use, the proposed design waste flow or characteristics shall be cause to revoke the improvement permit.
- ..By signing this application the applicant signifies that they understand the terms and conditions and that they give permission for Environmental Health representatives to perform necessary field evaluations. (Application Must be Signed by Property Owner or Owner's Legal Representative)
